## Negative AI Certification

### CASE CAPTION

Court	Case no.
Plaintiff(s)	Defendant(s)
Judge	Magistrate / related
Filing certified (title)	Dkt.

### FILER

Attorney name	Bar no.	State
Firm	Role (e.g., lead, co-counsel)	
Client (or redacted id.)	Date of certification	

### OPERATIVE RULE

Operative rule

*N.D. Tex. Local Rule 7.2(f) (eff. Sep. 2, 2025)*

If 'Other,' specify rule and effective date

### CERTIFICATION OF NON-USE

Pursuant to the operative local rule identified above, the undersigned attorney expressly certifies that NO part of the accompanying filing — including the statement of facts, legal argument, citations, footnotes, and exhibits prepared by counsel — was drafted, generated, or composed in whole or in part by any generative artificial intelligence tool. This certification is made knowingly and is intended to satisfy any requirement, express or implied, that the absence of an affirmative AI disclosure constitutes a representation of non-use.

For the avoidance of doubt, this certification does not address the use of standard legal research platforms (such as Westlaw, Lexis, Bloomberg Law, or Fastcase) for ordinary keyword and Boolean search, citation retrieval, and headnote review, none of which is treated as 'generative AI' for purposes of the operative rule. Where the operative rule extends to embedded AI features within those platforms, the undersigned has separately confirmed non-use of those features in connection with this filing.

## What this template does NOT cover

If ANY portion of the filing was prepared with generative AI, stop and use Template 2 (Federal Disclosure & Certification) or Template 3 (State Certification) instead. A negative certification executed where any AI use occurred would be a Rule 11 misrepresentation and a Rule 8.4(c) violation.

## EXPRESS AFFIRMATIONS

- I have asked all attorneys, paralegals, and other personnel who contributed to this filing whether they used any generative AI tool in connection with their contribution.
- I have received and relied upon affirmative confirmations of non-use from each such person.
- I have not used a generative AI tool to draft, summarize, translate, paraphrase, or compose any portion of this filing.
- I understand that knowing misrepresentation in this certification may constitute a violation of Federal Rule of Civil Procedure 11 and the applicable rules of professional conduct, and may result in striking of the filing, monetary sanctions, or referral to disciplinary authorities.
